

MINI AUTOMOTIVE FUSES

Mini automotive fuses, are popular in automotive, mobile equipment and other low voltage applications. Smaller than the standard automotive blade fuses, permitting more fuses in the same space. Color coded for amperage. 32 volts.

Amps	Stock No.	Color
2	46250	Grey
3	46251	Violet
4	46252	Pink
5	46253	Tan
7.5	46254	Brown
10	46255	Red
15	46256	Blue
20	46257	Yellow
25	46258	Natural
30	46259	Green

MINI FUSE THAT LIGHTS WHEN IT BLOWS

The integrated LED on the top of the fuse glows brightly if the fuse is blown. This eliminates the guess work and speeds the replacement of the blown fuse. The color-coded fuses instantly let you know the right amperage of the fuses to be replaced. These fuses snap into place without the use of special tools and provide easy identification of blown fuses in hard-to-reach locations. 12 volts.

Amps	Stock No.	Color
3	46260	Violet
5	46261	Amber
7.5	46262	Brown
10	46263	Red
15	46264	Blue
20	46265	Yellow
25	46266	Natural
30	46267	Green
35	46268	Pink
40	46269	Burgundy

MINI AUTOMOTIVE FUSE HOLDERS

Stock No. 46041

Complete assembly with holder and cover for mini automotive fuse. 12 gauge wire, 10" long leads. Rated to 30 amps.

Individual components available for Stock No. 46041. Two terminals required for each assembly to make a complete holder:

Item	Waytek Stock No.	Packard No.
Body	38063	15300027
Cap	46058	—
12 ga. Terminal	31075	12129493
Cable Seal	39002	12015193
12 ga. Terminal on Reel	31075R	12129493R
TPA Clip	38035	15300014

Fuse holder Stock No. 46025

Cover Stock No. 46026

Holder for mini automotive fuse, 12 gauge wire, 4" long leads for 30 amps, 32 volts. Wire colors shown are typical, but may change in the future. Fuses sold separately.

Stock No. 46042

In-line fuse holder comes with water proof cover and is stackable. 12 ga GPT 11" loop wire included. Fuses sold separately.

Easy-Crimp Fuse Holder

20 amp size Stock No. 46036

30 amp size Stock No. 46037

Holder for mini automotive fuse, two sizes, 20 amp capacity for 22-16 gauge wires, or 30 amp capacity for 14-10 gauge wires. To use, just strip your wires 3/4" insert into fuse holder and crimp in place.

Mini Fuse Holder

Stock No. 46277

For use with Mini Fuses that light when they blow. 14 gauge, 6 inch leads. 30 amps, 12 volts.

Mini Fuse Circuit Tap

Stock No. 46044

GPT wire, rated to 10 amps. Adds an additional circuit to any existing circuit. Just plug into mini fuse slot. Fuses sold separately.

Fuse clip

Stock No. 37062

.187" push on blade for use with mini fuses and holders.

Fuse clip

Stock No. 37064

.250" push on blade for use with mini fuses and holders.

MINI FUSE BLOCKS

For general automotive or marine use, these fuse blocks are used with 4, 6, 8 or 10 mini-fuses. A clear cover with insulated O-ring creates a water resistant seal. .250 male blade side insertion. Maximum load per fuse is 15 amps at 12 volts DC. Recommended for supplemental accessory power requirements.

Number of Fuses	Maximum Load	Stock No.
4	30 amps	46090
6	45 amps	46091
8	60 amps	46092
10	90 amps	46093
